Henryttle, January 12, 1852. Dr. Bleeson: —I take the liberty and fell it to be my daty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. By son, aged 15 years, had been under medical treatment about five years for dyspepsia and diagrical—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, MICAJAH CAYCE.

HUNTSVILLE, Oct. 17, 1852. In Bernson:—Some time has empsed since I gave a ceatilicate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had trad of several whem I thought to be the best physicians in the place and a great many different medicines with recognity relief. Being necessited to tree medicines, with momentary relief. Being personaled to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liverand dyspepsia.

N. B. BOBERTSON.

Dr. Biggeog - Having seen the publication of your Alter ative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst ferm; that I had tried almost every thing that is, given by physicians, and never found any thing that would certainly relieve nia, until I tried the above medicine, which has relieved me in every attack in less than an hour.

DR. FRASE'S MAGNETIC CINTMENT.

MR. WINTERS had lost nearly all of his hair and had been hald for many year; by the use of three botcould wish. His age is about 50 years. A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emociated almost to a skeleton. By the use of a few bottles of the Oint-ment he was thereugh's curef, and for seven months past has enjoyed robust health.

ment. This was four months ago and the lady (a Mrs. Dun-ham, is still in good health, and able to attend to her usual bou-cheld duties. Thave treated two cases of *Chronic Swe Lucs* with the Ontment, both of the patients so nearly bland, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about syears. They had tried the best physicans in the State, without benefit, and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended bundreds of dollars in vain efforts to effect a cure. They are now by use of the

Vani citoris to elect a cure. They are now by use of the Magnetic Omlinent, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case havit failed of greing summediate relief and generally a permanent care. I have also used it beneficially in severe cases of Erystpelas. And last but not least I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!

This Militainers from all others in the construction of
the upper or Running Stone, which is composed of
French Burr Blocks, enclosed in a cast iron Case, which
forms the back and hoop of the Stone with a Cast Iron Eye, or
Bush, than is of greater external diameter at the bottom that
at the top, which is secured to the back by four bolts, so that
every block is in the form of a dove tail, which gives greater
strength to a Stone thanony other method which is required
insmall mills, where the stone is run with great speed, and
become daugerous if not strongly made. It also gives any
weight to a stone of small diameter that is required without
having itthick or high, that makes it top heavy.

This mill is a square frame made of wood or east iron, is
the form of a back, with Bridge-tree, Spindle Balance, King
Driver, and Regulatine Screw, and grinds ut on the same
principle as a large utill, differing only in the Runner Stone,
this being of great weight cuables it to grind nearer the center agreeter quantity of grain with the spower than any other
mill now in use. This mill supertable, and may be attached
to steam, water, horse or hand power.

Joseph H. Burrows, of Cinctunati, is the inventor, for which he obtained Letters Patent in 1842. For all infriegements the purchaser will be held responsible for the right of nising.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spludle, with a drum sufficiently large to run a twenty-four inch Mill 240 revolutions per minute, attached to fin, Steam, or Water Power. By the stendy application of two horse power the Mill will grind six to 8 bushels per hour of good ment; and will grind wheat as well as corn. The thirty inch mill, if put to its fullest speed, will grind from ten to filtern bushels per hour.

These mills are warranted to be in every respect as recommended.

may21 I MPORTANT TO IRON MANUFACTU-RERS. JAMES BENTON, of Newark, New Jersey, has discovered a process for manufacturing wrought from directly from the ore, with wood or mineral coal, styled by directly from the ore, with wood or mineral coal, styled by him an ore-welding furnace; (an improvement in the manufacture of iron long sought after, but never successfully attained until Mr. Reuton's discovery, and which produces at a single heat the best quantity of blooms, at a less coat than pig iron is now usually made. Letters Patent have been granted him for his discovery, and we are the appointed agents for the sale of rights, and its introduction throughout the West; and as the present high price of iron is inducing many capitalists to invest in its manufacture, without being aware of the great advantages this new and valuable invention has over any other known mode, we think it but subserving their interest to thus early impress upon them the importance of an examination of the merit of this late invention before embarking in any other made for making iron, assuring them of its entire success and practicability, as demandataited by the furnaces now in successful operation after this plan.

In Columbus, Hickman county, Ky.

N the Mississippi River, 20 miles below the mouth of
the Ohio, and at the great Terminus of the MOBILE
AND OHIO RAIL/ROAD. The undersigned will sell to the
highest bidder, without reserve, on THURSDAY the 20th
of June, and on FRIDAY, the 1st day of July. Two hundred and nine Lots in the Town of Columbus, embracing the

or June, and on Friday, the 1st day of July. Two hendred and nine Lots in the Town of Columbus, embracing the most valuable Lots in said Town.

These lots were purchased at the original sale of lots in said town, in the years 1829, 1828 and 1832, by the late H. L. Edrington and others, and the undersigned having purchased said lots, now office them for sale, for the purpose of advancing the interest of said town.

In the year 1789, the State of Virginia, in her compact with Kentucky, made a reservation of 4,000 acres of land at the from Banks, on the Mississippi river, which was to be laid off into Town Lots, and sold for the benefit of the Officers of the Revolutionary Army residing in said State, and in the year 1821, the Legislature of Kentucky, in accordance with said compact, had said Town laid out, and the Lot sold, and at the original sale of lots, they fell into the hand of a few wealthy individuals, who were not disposed to set them, except for the most enormous prices, as they looke forward to the day they would become of immense value and hence the improvement of said town has been prevented
